# EuroSys 2021

26-28th April 2021, Virtual

## Info for attendees

http://eurosys2021.org/guide

Dear EuroSys'21 attendees,

We look forward to seeing you at the 16th edition of EuroSys taking place virtually from 26-28th April, 2021.

We have compiled important information for your participation.

1. **Technical program:** Visit the technical program to see the schedule of the conference and eight co-located workshops.

2. **Digital proceedings:** You can find the accepted conference papers in this archive (use the download button in the top right, the archive's password is: *eurosys21*).

   **Online proceedings:**  http://eurosys2021.org/proceedings

3. **Schedule:** We are using *Sched* for managing the schedule. You can log into the EuroSys Sched page to build your own customized agenda.

4. **Slack:** Be sure to join the EuroSys'21 Slack workspace (*invitation sent to your registered email*) to participate in session Q&A and networking opportunities. Please see Sched to find designated Slack channels.

   (*Links to conference talk videos will be available on the designated Slack channels and Sched from 22nd April.*)

5. **Hallway track:** To facilitate interaction between attendees, we're organizing hallway chats. Create a hallway chat at a preferred time using a Google form. All entries are then displayed sorted by starting time in a spreadsheet. You may select among common time zones in the spreadsheet.

6. **Artifacts:** EuroSys'21 is the first edition of the EuroSys conference to include Artifact Evaluation. You can find the accepted artifacts on [this page](#).

7. **Awards:** EuroSys [awards](#) will be presented in the following two sessions: (a) [welcome ceremony](#), and (b) [general assembly](#).

8. **Ask Me Anything (AMA):** We are organizing [AMA sessions](#) to facilitate community building, where we are hosting [five prominent systems researchers](#).

9. **Live video streaming (Zoom & YouTube):** Links to live Zoom video streams will appear at the top of the [Sched](#) interface of each session/workshop entry. The streaming button will become active 10 minutes before the start of the session and will be available only to those registered for the session. Zoom will be configured in "webinar mode" and Q&A will take place on [Slack](#) via dedicated channels.  In addition, we will be live streaming the main conference channel on the *ACM YouTube account*: [workshop day (AMA sessions only)](#),  [conference day 1](#), [conference day 2](#).

10. **Recorded talks (YouTube):** Pre-recorded talk videos for the main conference and workshops will be available on the *[EuroSys'21 YouTube page](#)*. These videos will also be linked in the designated slack channel and Sched.

11. **General assembly:** As part of [the EuroSys chapter](#), we are organizing EuroSys general assembly ([agenda](#)).

12. **ACM CARES:** EuroSys follows a strict code of conduct: [http://eurosys2021.org/conduct](http://eurosys2021.org/conduct) Please report any misconduct to [organizers-2021@eurosys.org](mailto:organizers-2021@eurosys.org) or [ACM CARES office hours](#) (daily 3:30-4:30pm BST).

13. **Sponsors:** Finally, we would like to thank [our sponsors](#).
